19th October 2015

Dear Mr Kay

Thank you so much for all the support Kalmar showed to Stonefields School, Rotary of St John's and our local community in regard to our recent gala / fair day.

We very much appreciated the donation you undertook by becoming one of our bronze sponsors. It makes a huge difference to what we are able to achieve on the day with support such as this.

To be able to utilise your car parking area opposite the Stonefields Market place was so valuable, especially with parking being such an issue in our narrow streets. It certainly helped with congestion in the area and contributed to making it a lot safer for young children walking around the school perimeter.

Equally, we were very appreciative of being able to put signage up on the fencing surrounding your new development.

We still have to deduct our expenses from the event but takings on the day for the school itself were in the region of \$20,000. All funds raised will go towards our master plan for the school environment.

We are confident that Rotary themselves will come in with a similar amount for their own fundraising also.

We feel very fortunate to have this collaboration with Rotary and along with the relationships formed with business who come into our community, such as Kalmar, we are thankful to be able to make a difference to all those who make up the diverse area that is Stonefields and St John's.

We wish you all the very best with your developments within our area. May I also note that it has been a pleasure dealing with Mr Neil Ball, who has been extremely helpful. Once again, thank you so much for supporting our community.

Yours sincerely

Sarah Martin
Principal
